WHERE WILL YOU BUY YOUR NEXT SIGN? AND WHY DOES IT MATTER?

In the world of digital printing and online sign shops, not all signs are created equal.

At Custom Products Corporation, we manufacture traffic signs that are Federally (MUTCD) compliant. Our manufacturing process ensures traffic and special legend signs won't prematurely fade out, become unreadable and unsafe.

Custom Products is certified annually by 3M and utilizes the 3M Matched Component System to manufacture signs. This system ensures signs will stay beautifully bright and long lasting with a 10-year outdoor 3M warranty.
